

## ALSABANA SAHUBAR ALI

Email : [sabin312003@gmail.com](mailto:sabin312003@gmail.com)

Mobile number : +918015059760

Hi, I'm Alsabana, from Ramanathapuram district. My father is a daily wager and my mother is a homemaker. After finishing my 12th grade, I enrolled myself into a college, but due to financial constraints, I had to drop out. I really wanted to do something big for my future, luckily I got into the Freshworks Software Academy.

Previously I didn't know what coding was, But now I know HTML, CSS, Javascript, Java and MySQL. Applying these languages, I am developing a project.

I'm a self motivated and a dedicated person, who works hard to achieve her goals. My ultimate aim is to build a comfortable home for my father.

My favorite quote is

**"Learning gives creativity,  
Creativity leads to thinking,  
Thinking leads to knowledge,  
Knowledge makes you great."**

— Dr. APJ Abdul Kalam.

## SELF DONE PROJECT LINKS :

### [Javascript 30 days challenge - Whack A mole !](#)

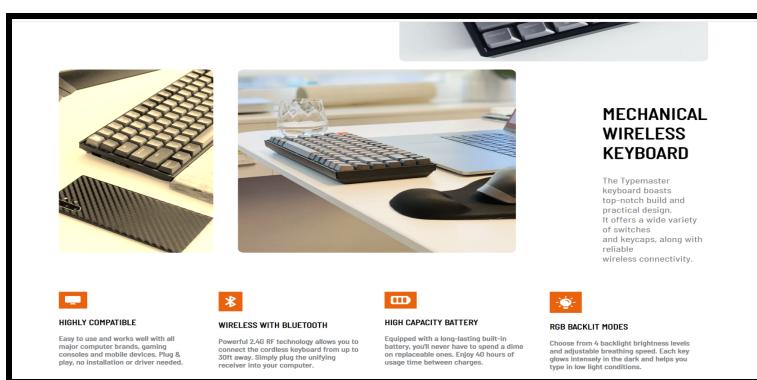

During my journey of learning JavaScript, I took on the JavaScript 30-day challenge and completed various projects, one of which was the Whack-a-Mole game.

### [Aardae website clone](#)

During my journey of learning HTML and CSS for a practical project, I created a clone of the Aardae website.

### [Frontend coding challenge](#)

I created a beginner-level project in which I focused on aligning items very precisely.

## CERTIFICATES :

I have successfully earned certificates in both "Basic SQL" and "Basic Problem Solving in Javascript" on HackerRank. Also I earned a certificate on code.org. This certificate demonstrates understanding of basic computer science.
